**PETITIONING THE COURT**

To modify the conditions of supervision as follows:

15. You shall complete a mental health evaluation and follow any treatment recommendations, including taking prescribed medications, as recommended by the treatment provider. You shall allow reciprocal release of information between the supervising probation officer and treatment provider. You shall contribute to the cost of treatment according to your ability.

**CAUSE**

Recent contact with the offender suggests that the above-mentioned modification is appropriate. Pamela Lightbody acknowledged that she experienced thoughts of harming her infant children in February 2006. She self-reported the homicidal thoughts to Child Protective Services and has been involved in an Early Intervention Program sponsored by the Spokane Regional Health District since that time. Contact with Mae Johnson, public health nurse, confirms that Ms. Lightbody is considered stable and is a non-threat to her children at this time.

In an attempt to provided Federal funding, if necessary, it is requested that the Court modify the conditions of supervision to include the aforementioned condition.

Pamela Lightbody was asked whether she would waive her right to a hearing and agree to the modifications as previously described. As indicated by the enclosed Waiver of Hearing to Modify Conditions of Supervised Release form, Ms. Lightbody has agreed to the proposed modifications.
